MR. BRYAN ON THE BOLTERS.
(Special to New Era.)

LOUISVILLE, Ky., Oct. 18.—
Mr. Bryan made strong appeals for the Bryan ticket in all his speeches yesterday, and at the close of the day's work expressed the opinion that victory was assured in November. He told the voters that the Bryan ticket was not a factor in the race, and at Lexington he made the strong assertion that if every man at that ticket was his brother he would not attempt to induce any one to support it, knowing that such support would only contribute to Republican success. He protested against anybody supporting the bolting ticket under the false pretense of helping him. "Let them come out boldly and state their case," he said, "and let them be doing it to save me."

ROBBED THE GRAVE.
A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides up spine, gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'B. E. R. B.' and to my great joy and surprise my first bottle made a decided improvement. I continued the use for three weeks and am now a well man. I know they saved my life and robbed the grave of another victim." No one should fail to try them. Only 50 cts. guaranteed, at L. L. Elgin, C. K. Wylie, R. O. Hardwick, J. O. Cook's and A. P. FOR FREE TURNPIKES.
Circular Containing Strong Arguments For Better Roads.

TWO PROPOSITIONS will address themselves to the voters of Christian County on election day, of more vital importance than the issues of politics, and more far-reaching in their effects.

DO THE PEOPLE OF CHRISTIAN COUNTY WANT FREE TURNPIKES?
(1) WILL THEY INVEST THE FISCAL COURT WITH AUTHORITY TO ISSUE COUNTY BONDS FOR THE PURPOSE OF BUILDING AND ACQUIRING PIKES?

NOTE IN THE AFFIRMATIVE on each of these propositions.

CHRISTIAN COUNTY, one of the largest in the State in area, population and resources, is yet far behind many of her less favored sister counties in the matter of internal improvement.

FREE PIKES radiating in every direction from the geographical center of the county will make the market accessible at all seasons, and will enhance the value of lands at least 20 per cent, to say nothing of the question of convenience.

AN INCREASE of only seven to five cents on the thousand dollars of tax is property, with the amount appropriated annually under the present system.

BETTER ROADS MEAN BETTER TIMES!!
NO POLITICAL QUESTION is involved in the propositions favoring better roads.

THE WELFARE and material interest of all citizens are concerned. Men of all parties and conditions will be benefited under the proposed system, which, with its many other inestimable advantages, relieves the barbarous rule of feudal ages known as the "Warning in system."

WEIGH THE PROPOSITION for free turnpike roads, the perpetuation of the muddy and impassable county roads, and the enormous waste of money in efforts to improve them—THEEN VOTE ACCORDINGLY.

"INCURABLE" HEART DISEASE SOON CURED.
During the last two or three years very great improvement has been made in the treatment of diseases of the heart.

THE TREATMENT is prepared especially for each patient, as the result is very much more certain and satisfactory.

Few physicians have such confidence in their remedies. And there is no reason why any afflicted person should not avail themselves of this liberal offer.

Mr. Frank Stewart, of 11 Wabash Ave., Chicago, was cured of heart disease after leading physicians had given him up. Keenest study of his case was made, and a course of treatment was prescribed.

A thousand references to and testimonials from, Doctors, Surgeons, Bankers, Farmers, and their wives will be sent free on request. The medicine is made by a physician and professor who has pronounced them "miraculous." Among them are H. A. Crook, Mount Pleasant, N. J.; H. L. Elgin, St. Louis, Mo.; J. O. Cook, St. Louis, Mo.; J. O. Cook, St. Louis, Mo.; J. O. Cook, St. Louis, Mo.

Send at once to Franklin Miller, M. D., L. L. B., 307 State St., Chicago, Ill. For free treatment before it is too late, and please mention this paper. 143t.

OFFICERS
Who Will Conduct The November Election

Commissioners Met and Agree Upon The Names—Tutual Concessions And No Ill Will.

From Wednesday's daily.
The election commissioners of Christian county held a meeting yesterday.

Mr. Meacham and Mr. Feland were present and Mr. Garrett was in communication with the board by telephone.

The purpose of the meeting was to ratify the list of the election officers which had been made out and agreed upon during a series of meetings previously held.

The list as revised and promulgated by the Board of Commissioners is satisfactory to all members, concessions having been made by both sides in order to avoid friction and forestall any charges of fraud after the election. The unanimous sanction of the commissioners is given to the following list.

Of the one hundred and twelve officers fifty-five are Republicans, fifty-three Democrats and four Populists. One-half of all the judges are Republicans, fifteen sheriffs and twelve clerks.

The Democrats get twenty-five judges, sixteen sheriffs and twelve clerks, while the Populists in the distribution get one sheriff and three judges.

Of the fifty-five Republicans appointed, twenty-seven are colored. The Republicans can not consistently protest against the action of the Board in giving the colored friend and brother a fair proportion of the offices. The highest number of colored officers ever appointed by the Republicans was fifteen.
